...Where Did You Go?

Administration

Dear Class of 2009,

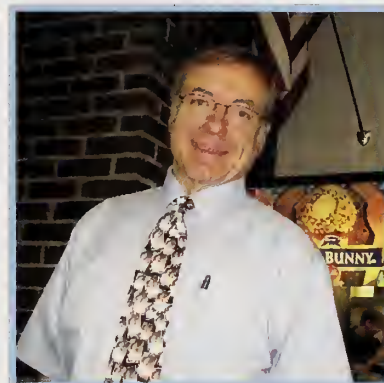

I am sure that for many of you it seems like only yesterday that you entered Enrico Fermi High School as wide-eyed freshmen. When you first arrived you were filled with so many questions, thoughts, and trepidations. You were unsure about what would happen to you over the next four years of your lives. Many of you were unsure what would happen to you from week to week. The one thing that I was positive about was that each of you brought your own unique talents, ideas, and ambitions. You brought your own special gifts to contribute to help make Enrico Fermi High School a truly special place to be. All of you helped to shape the culture and climate of our school. Now four years later, I can't believe that you are ready to leave us. As a result of your Fermi experience, I am confident that you leave much wiser, confident, and better prepared to take on the demands of the world. We have seen your talents blossom in the classrooms, in the theatre, in musical productions, and on the athletic field. You have blended together to form a very strong and positive identity for yourselves. **You are the Class of 2009.** You are a wonderful group of young people prepared and ready to face all of the challenges that the world outside of Fermi has to offer. Many of you will be leaving Enfield and some of you will be leaving Connecticut to pursue further education or careers across this great country of ours. As you get ready to leave, my only request is that you take time to reflect on your time here at Fermi. I sincerely hope that your four years here were the best four years of your lives. I wish you all the best in everything that you do and in everything that you aspire to become. More than anything else remember that you will always be part of our Enrico Fermi High School family and you will always have a welcome spot both in our halls and our hearts. Good luck to each and every one of you!

Sincerely,
Mr. Newton

Dear Class of 2009,

Thank you for a wonderful past four years. You have provided me with many laughs, a sense of pride in your accomplishments, and a few additional gray hairs. I am confident that you will continue to achieve great things and be a positive influence on whatever you choose to do. I would like to leave you with a few motivational words, but I really think our very own school mascot Fear the Falcon said it best at this past year's pep rally when he said, "Squawk, Squawk, Squawkety, Screech!!"

But seriously, I wish each and every one of you happiness and success.

Sincerely,
Mr. Coccia

What is the biggest difference between America and your home country?

School and the food.

What do you do for fun in your home country? What do you do for fun here?

I watched movies and tv shows, played basketball, read comic books and played cards with my friends for fun in Korea. I do pretty much the same things for fun here in America. I love to play basketball.

What is your favorite restaurant in Enfield?

Friendly's.

Karin Becker

Germany

What is the biggest difference between America and your home country?

The school is very different. We don't have the same schedule every day in Germany, and we have fall and spring vacation!!

What is your favorite food from America?

I like the bagels here alot! In Germany we don't have that many different kinds and they are not so good. And I looove brownies! =)

Would you plan on returning to the USA? Why?

Yes!! I want to visit my host family and friends again, because I will miss them so much!

Seniors

Dear Class of 2009,

As said by Marcus Aurelius, "The art of living is more like wrestling than dancing." This is true and I must say that all of the Seniors here at Fermi have just won their first wrestling match of many in life. This match that I am talking about is education, and whether you continue into college or go into the workforce, we have all accomplished something during our time here. We have been on a long journey, and in the end we found ourselves, who we are meant to be. All of us have lost some battles along the way, but in the end our victories outweigh all of our defeats. I myself have personally seen my friends and classmates evolve from being 13-year-old teenagers, to 17 and 18-year-old young adults during their careers at Fermi. Each and every person has contributed to making our class unique and special. From the athletes and performers, to the artists and scholars, we have all contributed to making our class one to be remembered for many years to come. We have done everything together, from helping each other with homework, to dancing with each other at prom, we have always been there for one another. This is the one thing that I want every single one of you to take away after you leave this building: Always remember the friendships you have made here at Fermi. The people that you know here have seen you at your best, your worst, and your most embarrassing moments (which you will never live down). I know that high school is supposed to be about learning and furthering your education, but what most people take from high school is the fact that they will never forget those nights they have spent hanging out with their friends. Those are the moments that you are going to remember, and those are the moments that everyone here wants you to remember. So, after spending all of these years here with you guys, I am going to leave you with this: Whatever you achieve in life, always remember where your roots are from, and remember that Fermi is your true home. **Congratulations Class of 2009!!!**

Sincerely,
Teddy Fournier

An Interview With **Fear** The Falcon

What is your favorite sports season?

-Fall, because of football. You have homecoming and the Thanksgiving Day Game.

What's your favorite memory?

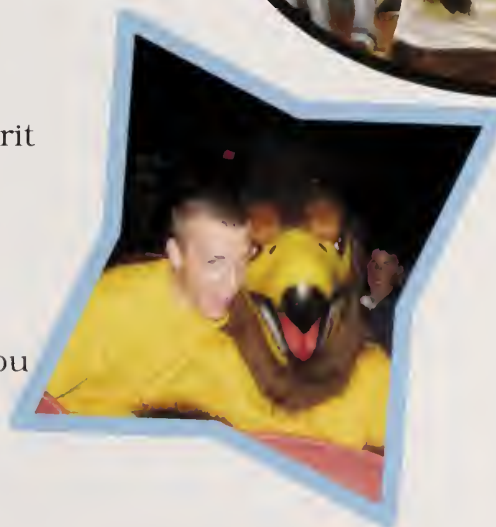

-Homecoming weekend because of the overall school spirit and fun.

What inspired you to be the Falcon?

-I wanted to bring back school spirit to Fermi, which has been lacking more than past years.

What would you tell the next Fermi Falcon?

-You better be able to step up if you ever want to pass the legacy!

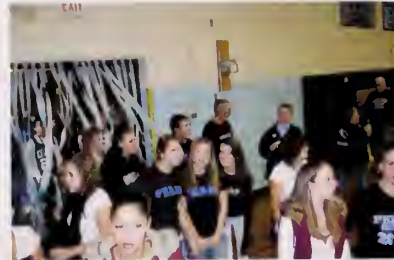

Pep Rally

Far Left: Sophomores pose in the stands

The Pep Rally this year was filled with tons of fun. It was a great way for all students and teachers to show their Falcon Pride. This year there was air band, a pie eating contest, a relay race, and the chance for four students to pie a teacher in the face. The students also named the mascot- Fear the Falcon. The band and cheerleaders also performed to entertain the students. Everyone who contributed did a great job. Go Falcons!

The Annual Thanksgiving Day Football Game this year began with a ribbon cutting ceremony to open the Enfield High fields. The stands were packed with fans and alumni who came out to cheer on their favorite town team. After a close first half, Enfield High broke ahead and won 52-15. Dave Allen received the Sportsmanship award and Sean McKeown won MVP for the Falcons.

HOPE

Another successful year for the Rays of Hope Foundation! This year was the walk's 15-year anniversary, and what a turnout! There were more than 15,000 walkers representing over 420 teams fighting to find a cure for breast cancer. The foundation raised over \$808,000! Great job Falcons!

A scheming film producer and his loyal staff, 8 zany movie stars who each think they are the whole picture, a conceited director, and a pack of Hollywood fans and personalities, the Lamplighters' fall show was as much fun for the cast as it was for the audience!

Mathletes

The Mathletes of the 2008-2009 school year dominated the Math meets. During one meet this year, we even managed to come in second in our division, a major accomplishment for the Fermi High team. We also recruited many new underclassmen that have now experienced the greatness that is Fermi High's Mathletes team. We did not host our own meet this year, but we love venturing to the other schools. One such school was WPI for four of our Mathletes, during a full day of school. As self entitled "Best-Looking Mathlete Team" we love to go to the meets and show what we're made of, while also eating the cookies provided. Bethany and I wish the best of luck to the team next year. We are going to miss all of you! Make us proud!

French Day

"Oui Oui"

"Parlez-vous français?"

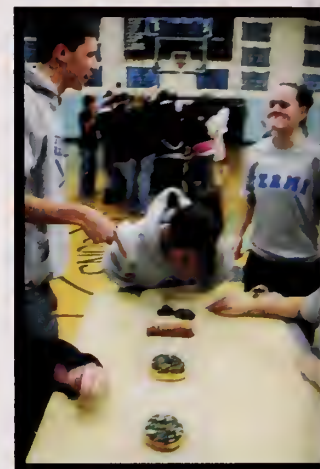

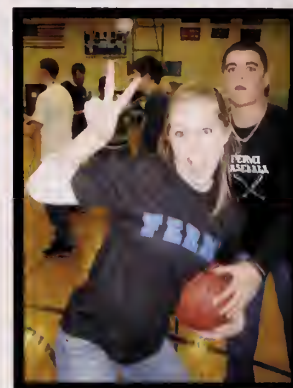

Early this fall, Fermi's French 5 and 6 classes went to UConn. Here, they attended lectures given by French natives. After a nice lunch, 4 students (Bonnie Zimmer, Emily Anyzeski, Meaghan Power, and Kat Kennedy) participated in the Quiz Bowl. In the Quiz Bowl, these ladies demonstrated their knowledge of French culture. It was a very fun and successful day.

Battle of the Classes

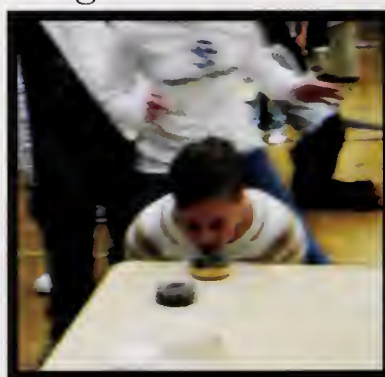

Above: The Junior class works together

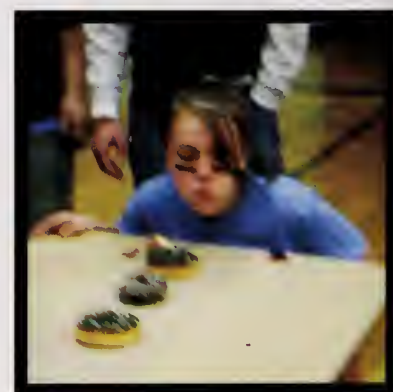

This year, DECA hosted Battle of the Classes. This was a time for underclassmen and upperclassmen to have fun while competing against each other. The students battled hard and the Juniors came out with the win. It was a successful competition and everyone had a great time.

Band Competition

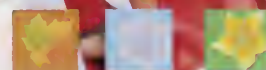

This year the Enrico Fermi Marching Falcons performed the music of Joseph Curiale. The field show consisted of four parts titled: Call of the Mountain, Adelina de Maya, River of Tears, and Joy. In New Britain the band competed in the State Championships where they took first place in Group 4A with a score of 85.65. This year was the fourth consecutive year the band has been State Champions.

Cheerleading

Homecoming Parade

The cheer squad went through a huge transition this year, going from all girl to co-ed. With the change, came some challenges. There's been alot of blood, sweat and tears, but it has only made the team stronger. Those that remained have become a family.

We've shared a lot of great memories, that none of us will forget. Regardless of how we place in our competitions, we will always be winners. To our fellow seniors, Good Luck in all of your future endeavors. To the remaining team, stay true to the squad and have a great season next year. Always remember, if you BELIEVE you will SUCCEED.

We will miss you all!

Boys Soccer

This year was filled with ups and downs. We had big shoes to fill because of the great success of last year's team. We faced one of the toughest schedules Ferni has ever seen and it resulted in a 10-8 record. With the help of Coach Russell and Coach Allegro we reached the second round of the Class L State Tournament before suffering an unfortunate 1-0 loss to the future champions, Wethersfield High School. We grew as a team and progressed a great deal through the season. We want to thank our teammates, our parents, and the coaches for all they have done throughout the season. We wish next year's team success on and off the soccer field.

This year has been one that will never be forgotten. We have had the best moments and the worst moments. This season taught everyone that we are a team and through the thick and the thin, we are a family and at the end of the day we need to forgive and forget. Being on a team, you meet the most amazing people, who will always be your life long friends. Cherish your time on this team and live it to the fullest. Thank you everyone, for making this season what it was. We hope next year, you guys will do amazing and show everyone what you have because you all are full of so much talent. During this season we won three meets and tied one of them, and to us that is awesome! The seniors even got to witness a historic event in which our teammate Cat Coppler broke the records for two events.

This year we started being F.E.S. and it was hard at first but we soon became a great team and supported everyone. This was an awesome season and thank you girls for it!

Dear Team,

We are very proud of everyone this year. We had a great season and a lot of fun. We had a young team, but we worked hard and impressed others. Good luck next season and keep up the good work.

P.S. Delano, we all know you wear a du-rag.

Letter From The Editors

Dear Students,

Making the yearbook this year was pretty crazy. Deadline after deadline we put forth the effort to make a beautiful yearbook for everyone to enjoy. This school is full of great students that deserve to have their memories captured in a yearbook, especially the Class of 2009!!! We wouldn't have been able to make this yearbook without the help of our staff and Mrs. Joeckel and Mr. Rev. Every step of the way, they were there to guide us and encourage us. We would like to especially thank Mrs. Joeckel for letting us use her room everyday to work on the yearbook; not every teacher would be so generous. We organized the yearbook to go with the seasons and time. Our time here at Fermi was very important to our future and the time we spent here with our friends and favorite teachers was precious. The footprints throughout this book represent how the students grow from being bewildered young freshmen into established and confident seniors. We walked into school to start the year in September and grew into strong individuals by June. All the students will leave their mark at Fermi in one way or another and the footprints show that. We hope that everybody enjoys looking through this book as much as we enjoyed working with the staff to create it.

Your Yearbook Editors,
Kaleigh and Marisa

Thomas,

As life goes on always appreciate this one
sweet world, never forget your dreaming tree and make
the best of what's around. I know there is space
between you and the people around you but don't
forget how to seek up your emotions. At college be
sure not to be a pig because you pay for what you get
and always think of the dodo bird. Even though in this
warehouse there seems as if there is no rhyme or
reason, stay smart and find what keeps you going
everyday. Most of all, remember, YOU' NEVER
KNOW.

DON'T just go OUT
for ITALIAN,
go ALL OUT for ITALIAN!

Instead of just going out for Italian food, why not head to The Olive Garden for the kind of experience that'll leave you feeling as if you just spent a couple of hours in Italy? Sure, from our famous lasagna to the fresh salad and warm garlic breadsticks you've come to love, no one cooks up Italian quite like The Olive Garden. But we give you even more: Music, atmosphere, wine imported all the way from Italy, and servers who treat you with the warmth and emotion that's just more...we Italian. So, like we said, don't just go out for Italian, go all out for Italian at The Olive Garden. You'll be glad you did.

Family Science Night

Students from across the town gathered at Fermi on Thursday evening April 27 for the annual Family Science Night. Each year, the science teachers and volunteer students design experiments and hands on activities for children to participate in. The night is fun and educational for both children and parents.

Students in town are encouraged to attend this night of science. They learn how slime can be made and see many others science demos, such as elephants toothpaste, the flaming tornado, crazy sounds, and microscopic critters. This event is highly educational and allows the younger children to explore the world of science.

DECA

DECA, a club of marketing students, had a busy year this year. We took your quarters at Flip Yo Luck, scared by Lorraine Warren, took rides in expensive cars at the Car Show, participated in the Leadership Conference, donated hats and mittens, went to Nationals in Anaheim, CA, dominated in the Dodgeball Tournament and much more. Thanks for a great year!

***Happy Retirement, Mr. Rev!
Thank you for the help with
the yearbook! We will miss
you!!***

That's all Folks.
